Registered Retirement Savings Plans Report to February 28,1973

District Trust Company

Highlights

The year ended February 28, 1973 was once again one of exceptional growth for the three District Trust Company Registered Retirement Savings Plans. Assets under administration now amount to \$1,669,000, representing an increase of 60%.

The Equity Fund, while reflecting uncertain stock market conditions, nevertheless produced an overall return of 8.2%. Although there are many diverse opinions as to the immediate and short-range performance of the market, we feel that an Equity Fund plays a very important part in a retirement program.

In our 1972 report it was noted that, under the provisions of the new Income Tax Act, investments in real estate were deemed to be "nonqualified investments". District Trust Company appealed to the Federal Government, and following lengthy negotiations was successful in having the Income Tax provisions amended so that real estate is now an eligible investment, for Retirement Savings Plans. Due to the uncertain position of the Real Estate Fund during this period, funds on hand were invested in a prime first mortgage on property situated in Markham, Ontario to complement other investments held in the portfolio. This blended portfolio has produced an overall yield of 10.6% for the year ended February 28, 1973.

Once again our Guaranteed Fund has proved to be extremely popular.

Total Participants' Equity is now more than \$867,000, an increase of 62% in the past year. Our policy of guaranteeing attractive interest rates for five years, compounded semi-annually, has contributed greatly to the success of this fund. Guaranteed interest rates for the years 1969 through 1973 were:

tillough	10/0 00010
1969	71/2%
1970	834%
1971	81/4%
1972	71/4%
1973	73/4%

AUDITORS' REPORT

To District Trust Company,
Trustee for the Participants in District Trust
Company Guaranteed, Real Estate and Equity
Retirement Savings Plans

We have examined the balance sheets of District Trust Company Guaranteed, Real Estate and Equity Retirement Savings Plans as at February 28, 1973 and the statements of investment income and capital of the Real Estate and Equity Plans for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Plans as at February 28, 1973 and the results of their operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

London, Ontario June 22, 1973
